How does mis- dis- mal- information affect your work at USAID?

On a scale of 1 to 5 how threatening do you view mis- dis and mal- information to your work?

What is your most significant mis- dis- or mal- information concern?

Have you been directly targeted with MDM because of your role with USAID?

Have you observed MDM threats that have targeted USAID programs?

Have you observed MDM threats that have targeted USAID implementing partners?

How have MDM threats changed program cycle planning and implementation?

What tools would be helpful to you to mitigate mis- dis- and mal-information risks?

What MDM information or research gaps do you have?

Commented [1]: @dparzik@usaid.gov

I like these questions.

I am now back to work this week and will make the Google Form.

I look forward to chatting with you and Danny on Monday afternoon.

Thanks!
