I've got two points in need of clarification: 1) I'm not planning on attending this meeting, so please confirm that the readout does not need to be prepared by someone in attendance at the meeting. 2) The draft readout content will be based on the briefing memo and not the meeting itself.

Hi DDI Colleagues,

Can you please draft a readout of the Administrator's meeting with the President of Microsoft, scheduled to happen tomorrow? If you can send to us by COB today, it would be much appreciated.

Thanks,
