Hey Tim,

How are you?

I'm not going to be at the meeting tomorrow morning for the huddle. Lorri will join on our behalf. Lisa will also be out. I wanted to provide you a couple of updates on Tech.

Our northern triangle task force met with Twitter last week. I was on the call. It was a first meeting, so the feel was to see what Twitter is doing in this space in the region. Notes are forthcoming, but it was an introductory call.

The call with You Tube and our OTI team for Ukr/ Moldova on training influencers has been postponed.

I reached back out to Meta, as they owe Johnny and me some due outs, but nothing yet.

Lorri will update tomorrow on everything else, but it's more of the main big items we have been discussing.

cheers and happy to chat / meet whenever you like.

Vera
