Many thanks, Alex.

Appreciate the quick turn.

Also, for the additional briefings, we are happy to do them before the Summit or wait until after afterwards —whatever works best for you and your team.

Best for a great weekend!

Sandy

Just quickly here: we are still finalizing USAID's full delegation list, but both the Administrator and AA Escobari will be going to the summit. I can't speak for the Administrator and I know her engagements are still being finalized, but I'm sure Marcela would be eager to engage the Meta delegation there. I'll likely be traveling with Marcela and will be happy to facilitate. And I can share the full delegation list once we have it (hopefully) next week.
