Let's talk about this - Diana and I are preparing the response to NSC.

For #1 - assume list me and you as back up, yes?

Maybe just put both of us as leads, to avoid any NSC quibbles? In practice I'm completely fine with you attending the mtgs with or without me

that's what i'm doing, me as lead / you as back up and said so at the IPC. In reality, once there is a coordinator title, they won't question me at all.

I think best to just list us as the two leads, vice lead/backup, though the distinction is basically immaterial

Dear All,

[redacted]

We will provide you with the responses from the last IPC by the end of this week. However, I am writing to confirm that both myself and DAA Johnny Walsh will be the USAID POCs for IIR IPC moving forward.

Thanks so much!

Vera

Dear All,

Great to connect today and exciting to see the IIR IPC process restarting.

I'm resharing our response from the last IPC. We provided some insight to the NATO risk framework which was somewhat limiting and our overall approach to this issue. Do keep in mind that this was prior to us starting the Council. However, as I mentioned, we're still early in the process. Although, genuine excitement to move the needle on this is there!

Thanks again,

Vera
