Hi Erma,

Looking forward to the meeting later today. I just wanted to follow up and see if Mr. Clegg planned on additional attendees joining this meeting?

Best,
Amol

That actually works for us too. Can we move the meeting UP to 2:15PM EST / 11:15AM PST on Wednesday?

Best,

Amol

Really sorry, but Nick has an engagement on Campus starting at 2:15 pm PST.

Nick is flexible between 9:00 1:00 pm PST/12:00 4:00 pm EST, if that helps at all. He is also free at 3:30 pm PST/6:30 pm EST.

Thanks,

Erma

Erma

If we can even push back 30 minutes that'd be helpful. If not, I'll try to keep our original time and make it work.

Amol

This is totally a "me" problem and not a "you" problem but I'm trying to schedule a formal bilateral meeting on Wednesday afternoon. Is it at all possible to shift our meeting back one hour to 5:00PM EST / 2:00PM PST?

No worries! I can also provide a webex link if y'all think that'll be easier?

Thanks, Amol. That shouldn't be a problem, but I'll need to check with Nick's IT team to ensure we can make that happen.

I'll circle back within the next couple of days.

Thanks!

Thanks so much!

30 minutes should be enough but I would strongly recommend adding at least a 15 minute buffer on the back end in case things run long.

I will follow up about additional attendees. I suspect we may have 2-3 other people join the Administrator. Let's settle the platform. Our preferred platform is Google Meet. I'm happy to share a link and run a test with you at any time if it is a platform you're unfamiliar with. Do let me know.

Best,

Amol

What about the afternoon the day before, April 27. I can make any time after 4:00PM EST work.

Hi Erma,

No need to apologize. The Administrator will be in a meeting at that time. Any way we can go just an hour later for 5:30PM EST / 2:30PM PST?

Best,

Amol
